

GRACE MBITHE MUEMA

Web Developer | Computer Science Student | Creative Thinker | Problem Solver

PROFILE

Passionate and creative Computer Science student with experience in web development, programming, and digital projects. Skilled in creating functional, responsive, and visually appealing websites with a strong interest in user experience and accessibility. Experienced in HTML, CSS, JavaScript, Python, and databases, with a growing interest in technology, data systems, and digital interfaces.

Alongside technology, I have a strong interest in the automotive industry, particularly Formula 1, and enjoy exploring the technology and data systems that contribute to modern motorsport. I am also passionate about music, travelling, reading, charity work, and continuous personal development.
